

This technical drawing illustrates a parking lot layout with five numbered car stalls (1-5) arranged in a row. Each stall is marked with a green outline and contains a car icon. The stalls are labeled with their dimensions: 250 (width) and 500 (length). A red dashed line runs vertically through the center of the stalls, and a red solid line runs horizontally across the front of the stalls. A red curved line is shown on the right side of the layout. The drawing includes various elevation markers (e.g., 27.20, 27.38, 27.34, 27.46, 27.30, 27.14) and a 2% slope indicator. A building footprint is visible in the top left corner, and a road with a 'P/1' sign is on the left. The drawing is a detailed site plan for a parking area.
