

This architectural site plan illustrates the proposed building layouts and associated infrastructure. Key features include:

- Building Footprints:** Several buildings are shown with their respective floor areas and heights. For example, one building has a footprint of 1700m² and a height of 18 stories (18ет.). Another building has a footprint of 1700m² and a height of 17 stories (17ет.).
- Parking Lots:** Numerous parking spaces are indicated by car icons and numbered (e.g., 31, 32, 33, ..., 90). The total number of parking spaces is 188.
- Landscaping and Greenery:** Various green spaces and trees are depicted, including a large central green area and smaller pockets around the buildings.
- Access Points and Entrances:** Specific entrances are labeled, such as "ВХОД СГРАДА КТ.+/-0.00" (Building Entrance) and "ВХОД парковане на ет.-2.20м" (Parking Entrance).
- Dimensions and Distances:** Various dimensions are provided, including lot widths (e.g., 16.35 m), building setbacks (e.g., 3 м ПУП), and distances between structures (e.g., 1700, 1833, 1945).
- Other Labels:** The plan includes labels like "контур подз." (contour of underground), "маневрена площ на кт.+/-0.00м. = 73.85" (maneuvering area of the building at ±0.00 level = 73.85), and "отрито паркиране на кт.+/-0.00м. = 73.85" (open parking at the building level ±0.00 = 73.85).
